

RESOLUTION OF THE BOARD OF SUPERVISORS
SAN BERNARDINO COUNTY FLOOD CONTROL DISTRICT

February 29, 2000

On Motion of Supervisor _____ and duly seconded by Supervisor _____ and carried, the following Resolution of the Board of Supervisors for San Bernardino County Flood Control District, State of California, is hereby adopted:

RESOLUTION NO. _____

WHEREAS, on March 3, 2000, the State Water Commission will adopt final recommendations for Fiscal Year 2000/2001 funding for Federal Water and Flood Control Projects, including the following listed projects; and

WHEREAS, these recommendations will be submitted to the U. S. House of Representatives and Senate Committees on Appropriations, Subcommittees on Energy and Water Development; and

WHEREAS, The San Sevaine Creek Water Project is needed to solve flood control problems in San Bernardino County and will promote improved water conservation in the Chino Groundwater Basin; and

WHEREAS, The Upper Santa Ana River Watershed Study is needed to define problem areas under present and future conditions and assist county and local interests in developing a long term master plan for the watershed; and

WHEREAS, The Orange County, Santa Ana River Basin (Chino Agricultural Preserve Watershed) Study is needed to provide background information on the operations of the dairies, opportunities for water conservation, the need for local drainage control structures, water quality concerns, and regulatory enforcement; and

WHEREAS, The Mojave River Dam Study is needed to evaluate viable water conservation alternatives while optimizing the balance between environmental, flood control and water supply needs; and

WHEREAS, The San Bernardino County Study (Lytle Creek and Wilson, Potato & Wildwood Creeks) is needed to determine opportunities for enhanced flood control, environmental restoration, water quality enhancement, sediment and erosion control; and

WHEREAS, The Santa Ana River Mainstem Project is needed to solve serious flood control problems in San Bernardino, Riverside and Orange Counties; and

WHEREAS, The Mission Zanja Creek Study is needed to plan a solution to flood control problems affecting the City of Redlands, and

NOW, THEREFORE, BE IT RESOLVED that the San Bernardino County Board of Supervisors strongly supports and recommends the following projects to the California Water Commission and the U. S. House of Representatives and Senate Committees on Appropriations, Subcommittees on Energy and Water Development.
